Ambulance Capital Reserve Fund (est. 1992	0
Cemetery Capital Reserve Fund (est. 2004)	0
Town Hall (est. 2009)	0
Shedd Porter Library (est. 2010)	5,000

Recommended by the Board of Selectmen. Vote was not unanimous.

Majority vote required.

**YES**

**NO**

**ARTICLE 4** “Shall the Town vote to raise and appropriate the sum of one hundred thirty thousand (\$130,000) to pave approximately 2 miles of Gilsum Mine Road from the Gilsum end of the road?

**Recommended by the Board of Selectmen  
Majority vote required.**

**YES**

**NO**

**ARTICLE 5:** “Shall the Town vote to raise and appropriate the sum of one hundred fourteen thousand, seven hundred seventy five dollars (\$114,775) to install a concrete box culvert on Gilsum Mine Road?

**Recommended by the Board of Selectmen.  
Majority vote required.**

**YES**

**NO**

**ARTICLE 6:**”Shall the Town vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to finish the reconstruction of the stone wall along High Street towards the Post Office?

**Recommended by the Board of Selectmen  
Majority vote required.**

**YES**

**NO**

**ARTICLE 7:**”Shall the Town vote to raise and appropriate the sum of eight thousand dollars (\$8,000) for the Town’s Land

**Conservation Fund established in 1988 for the acquisition of land, easements, and development rights determined to be of significant environmental value to the town? Under RSA 36-A, amounts from this fund may be spent for these purposes without further town meeting approval, if approved by the Selectmen and the Conservation Commission after holding a public hearing.**

**Not recommended by the Board of Selectmen  
Majority vote required.**

**YES**

**NO**

**ARTICLE 8:"Shall the Town vote to adopt the Blind Exemption exempting each legally blind person \$15,000 yearly on his/her assessed value according to RSA 72:37?**

**Explanation: Alstead has always allowed this exemption, but since the Department of Revenue could not find where the Town adopted it at a Town Meeting, they are asking us to readopt it this year.**

**Recommended by the Board of Selectmen.  
Majority vote required.**

**YES**

**NO**

**STATE OF NEW HAMPSHIRE  
TOWN OF ALSTEAD**

To the inhabitants of the Town of Alstead in the County of  
Cheshire, in said State qualified to vote in Town affairs:

You are hereby notified to meet at the Municipal Building in said  
Alstead on Tuesday, the 18<sup>th</sup> of January, 2011 next at 7:00 PM for  
public hearing on the proposed operating budget and the Town  
Meeting Warrant.

The first session will be held on Tuesday, the 8<sup>th</sup> day of February,  
2011 at 7:00 PM at the Alstead Town Hall for final explanation,  
discussion, or amendment, if necessary, of the articles on the  
warrant.

The final session of the annual Town Meeting will be held at the  
Town Hall on Tuesday, the 8<sup>th</sup> day of March, 2011 for the election  
of town officers and voting by ballot on all warrant articles. The  
polls will be open on Tuesday, March 8<sup>th</sup>, from 10:00 AM until  
7:00 PM.

Article 1: To choose all necessary Town Officers for the ensuing  
year.

Article 2: Shall the Town of Alstead vote to raise and  
appropriate as an operating budget, not including appropriations  
by special warrant articles and other appropriations voted  
separately, the amounts set forth on the budget posted with the  
warrant, or as amended by vote of the first session, for the  
purposes set forth therein, totaling \$,1,401,370? Should this  
article be defeated, the operating budget shall be \$1,447,007,  
which is the same as last year with certain adjustments required

by previous action of the Town of Alstead or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

a) Executive	\$ 67,225
b) Election, Registration, & Vitals	32,057
c) Financial Administration	50,832
d) Revaluation of Property	26,000
e) Legal Expense	15,000
f) Personnel Administration	160,244

w) Library	30,000
x) Patriotic Purposes	3,000
y) Conservation Commission	1,500

z) Interest on T.A.N.s 10,000

Recommended by the Board of Selectmen.  
Majority vote required.

Article 3: To see if the Town will vote to raise and appropriate the sum of one hundred sixty four thousand dollars (\$164,000) to be placed in the following Capital Reserve Funds.

Highway (est. 1988)	\$50,000
Fire Department (est. 1992)	50,000
Ambulance (est. 1992)	20,000
Cemetery (est. 2004)	9,000
Town Hall (est. 2009)	30,000
Shedd Porter Library	5,000

Recommended by the Board of Selectmen. Vote was not unanimous.  
Majority vote required.

Article 4: To see if the Town will vote to raise and appropriate the sum of one hundred thirty thousand dollars (\$130,000) to pave approximately 2 miles of Gilsum Mine Road from the Glisum end of the road.

Recommended by the Board of Selectmen  
Majority vote required.

Article 5: To see if the Town will vote to raise and appropriate the sum of one hundred fourteen thousand, seven hundred

seventy five dollars (\$114,775) to install a concrete box culvert on Gilsum Mine Road.

Recommended by the Board of Selectmen.  
Majority vote required.

Article 6: To see if the Town will vote to raise and appropriate the sum of ten thousand (\$10,000) to finish the reconstruction of the stone wall along High Street towards the Post Office.

Recommended by the Board of Selectmen.  
Majority vote required.

Article 7: To see if the Town will vote to raise and appropriate the sum of eight thousand dollars (\$8,000) for the Town's Land Conservation Fund established in 1988 for the acquisition of land, easements, and development rights determined to be of significant environmental value to the town. Under RSA 36-A, amounts from this fund may be spent for these purposes without further town meeting approval, if approved by the Selectmen and the Conservation Commission after holding a public hearing.

Not recommended by the Selectmen.  
Majority vote required.

Article 8: To see if the Town will vote to adopt the Blind Exemption exempting each legally blind person on his/her assessed value yearly \$15,000 according to RSA 72:37.

Explanation: Alstead has always allowed this exemption, but since the Department of Revenue could not find where the Town adopted it at a Town Meeting, they are asking us to readopt it this year.

Recommended by the Board of Selectmen  
Majority vote required.

Given under our hands and seals this 28<sup>th</sup> day of January, in the year of our Lord Two Thousand Eleven.

## **2010 Annual Report Selectmen's Report**

2010 was another typical year in the Selectmen's office. Peace and cooperation flavored all goings-on.

The 2010 Warrant vote was in the affirmative, to the extent that the Selectmen (after a long and well-attended discussion) recommended. We are grateful for the citizens who involve themselves in the budget building and warrant writing process. It is this degree of cooperation which results in the consensus which supports the offering of a successful Warrant.

It being the third year of his term, Bill Moran was voted Chairman of the Board of Selectmen.

As the snow melted, planning was underway for the projects requiring warm weather.

The new retaining wall along 12-A at the Historical Society got underway. As the wall progressed, we received many nice comments on its apparently unexpected beauty and high quality.

The Department of Public Works finished Thayer Brook Road with the final paving and filling of shoulders. That road is now done, and should not need major attention for at least 15 years. This sort of rebuild is the best and most economic. But it costs a lot.

The next project planned for this sort of bottom up rebuild is Gilsum Mine Road between the blinking light and Pine Cliff Road. That is 1.2 miles of awful-bust-my-car-apart-terrible. We have an estimate from Whitcomb of \$980,000.00 to rebuild that 1.2 miles. A million dollars!! Gasp! We have on

the Warrant an article to replace the most ineffective culvert with a concrete box culvert of adequate size. The project will include rebuilding the road and repaving about 100 feet on either side of the new box culvert. That will be a start. We hope next year's economy will be good enough so that we can offer a \$250,000 article to continue the work. We'll see.....

The poured concrete abutments for the future pedestrian bridge over Cold River in the Village were installed at the expense of NHDOT. The cost of the bridge itself will be raised some other way as time goes forward. We have met with engineers at Benson's and sketched out some specifications. Much remains to be done.

We Selectmen have worked more-or-less continuously on the Alstead students in Walpole schools issue. We learned that two more students who live in Alstead were placed in the Walpole school for this year, by act of the School Board overruling the decision to deny the placement by the Superintendent of the Fall Mountain Regional School District. In July, we met with Senator Bob Odell, Rep. Lucy Weber, and Rep. Tara Sad, in an effort to get the State Department of Education involved in sorting this out. We learned that the State has bigger problems to worry about. We later met with the Fall Mountain School Board and discussed possible solutions. Later still, we were visited at our Selectmen's meeting by a delegation from the School Board, who very forthrightly informed us that, as the School Board is currently configured, there is nothing intended to be done to deal with this problem.

In December, we Selectmen voted unanimously to withhold

\$22,000. from the school payment, which is the annual tuition cost for sending two students to Walpole schools from outside of Walpole.

We have seen a glimmer of interest in re-approaching the NH Department of Environmental Services for a dredging permit for Vilas Pool. (We have been previously told that there is money available to remove the Vilas dam.)

We are glad for the Planning Board's work in permitting a cell tower which is planned for Cobb Hill in 2011. This tower will make a big difference to the Town in improved cell phone and high speed internet reception. The future is headed our way!

A habitat restoration project was completed at the intersection of Griffin Hill Road and Rt 123. This land is one of the parcels bought by the State after the Flood. The funds that paid for the project came through NH DES, from federal funds. No Town funds were spent on the project, but, as has been pointed out to us, "it's still our money".

In September we fine tuned our municipal team some more, and appointed Ernie Perry to Manager of the Transfer Station. His salary is now paid half and half from the Transfer Station and the DPW. We thank him for his dedicated attention to our share of the solid waste problem, which affects every community around the world, in one way or another.

Alstead's town-wide re-assessment of real estate was completed, and any changes appeared on the December tax bills. This is a painful subject for everyone. We Selectmen

do our best to work within a deeply flawed system. We do, however, (and within the existing parameters), have confidence in the up-dated assessments. The process starts all over again in 2011, and new, re-up-dated values will appear on the December bill in 2015.

November contained an on-going discussion about ambulance coverage in Town. After talks with our Ambulance Captain, and other ambulance service providers, we knew some things for sure: that we can't do coverage any less expensively than we do now---and that's true by tens of thousands; and that we are in great danger of wearing the few squad members who regularly are able to respond to calls to a nub. None of us are getting any younger. Required Certifications are enormously time consuming. Decisions will have to be made eventually. And unless the squad numbers go up, the next solution is going to be much, much more expensive.

It is worth noting again that both Police cruisers are equipped with de-fibs, and someone who has been trained to use the thing. We are altogether pleased and proud of Alstead's first responders---in whichever department. We hope that more community members will answer this noble calling.

In December, three-term Selectman Bill Moran notified us that he was stepping down from his position to concentrate on a full recovery after major surgery. With regret, and understanding, we accepted his abdication. We thank Bill for his nine years of service, his talents, passions, and energy, and his positive can-do attitude.

To fill Bill's unexpired term, we (Joel and Matt) appointed Mike Jasmin, following procedures set out in RSA 669:61 – 63 Vacancies in Town Offices. We are pleased to have Mike's energy on the Board, and thank him for accepting the responsibility.

We are constantly aware of the privilege it is to be active participants in this--our--community. We are pleased by the many interested, able, and energetic people who participate in small, medium, or large ways to keep Alstead functioning in a good and positive direction. It takes a village to run a village! Thank you!!

Matt, Joel, & Mike

## **2010 Annual Report Town Clerk/Tax Collector**

Please note that 1997 cars and up require a title to be registered. If you purchase vehicles in this age bracket from an individual make sure they have the title.

For older vehicles - in addition to the bill of sale you need one of the following documents:

- a. Previously issued N.H. Registration.
- b. Valid Out of State Title.
- c. Verification of VIN (Form 19A).

If you have any question regarding a new registration, you may call the office. It is important to have the proper paperwork. I can process renewal registrations by mail if necessary. Please call for the amounts due.

The State is starting the process of enabling town clerks to process boat registrations. I would hope this would occur either in the year 2011 or 2012.

Reminder! Dog licenses renewed by April 30. For a new license please bring a rabies certificate with you. Also if the dog has had an update of rabies vaccination since the last registration please bring a copy of certificate.

For those unable to pay all their taxes at once please note that any payment even if not the full amount due will reduce the interest to be paid.

Pam and I thank you for your support this year.

Respectfully submitted,  
Gloria Seddon  
Town Clerk/Tax Collector

**2010 Annual Report**  
**Highway Department Division**  
**Public Works Department**

The year 2010 was another busy year. All of the sand and gravel purchased by the Town was crushed by John Burroughs and was obtained from Garlands Pit on Hill Road. This practice is keeping cost down and keeping tax dollars in our town.

John Burroughs also crushed all the rubble from the old Town Bridge to make road base which was stock piled on Bragg Lane and other places. This material was then loaded and trucked to Cobb Hill Road to upgrade 1400' of road on the hill by John Allens property making a goat path into a road. Fill was put in 3' to 5' deep to get the road out of a hole and back up to the stonewall level, and topped with crushed gravel from Garlands Pit. Surrounding towns helped with trucking the material to keep cost down. Many thanks to Acworth, Walpole, Marlow, and of course Alstead trucks.

Several miles of roadway were ditched and many culverts cleaned. Several culverts were replaced in town on several roads. There is a long list of culvert replacements for 2011.

The Town has a new pile of rubble piled on Bragg Lane. This rubble came from the Warren Brook Restoration project at the intersection of Griffin Hill and Forest Road. There is approximately 6000 yards of material that will be crushed in 2011 for another project. This material was obtained with no cost to the Town.

The Town helped with the excavation work to put in the stone wall on High Street, as well as trucking stone from some locations. The Town Highway Department also helped with setting and taking down the block barrier to keep the work site safe while the wall was being built.

Thayer Brook Paving was completed. The top coat was laid and more material was added to the shoulders

David Crosby  
DPW Supervisor

## **2010 Annual Report Alstead Transfer Station**

The Alstead Transfer Station trucking for 2010 was as follows:

Trash to Wheelabrator	77 loads
Co-mingle (cans and plastic)	28 load
C & D	24 loads
Tires	3 loads
Paper	34 loads
Metal	12 loads
Aluminum Cans	3 loads
Corrugated Cardboard	4 loads
Batteries	2 loads

The new containers bought last year (with help from New Hampshire the Beautiful grant money) have been put to use for recycling products that generate a cash return. We have realized a return on aluminum cans since August, and corrugated cardboard since separating it from these recyclables! Every effort contributes to keeping the cost of waste disposal down for us, as well as being environmentally friendly.

A thank-you, too, to our attendants for working hard to keep the station neat and clean. They are always available if you need assistance or have any questions or concerns.

Respectfully submitted:  
Ernie Perry  
Transfer Station Manager

## **2010 Annual Police Report Alstead Police Department**

I normally start this report with a recap of the previous year's statistics; however, I wished to address the citizens first. My first contact with the Alstead Police Department began in 2003. Three years later, in 2006, I assumed the position of Chief. It is now 2011 and I have made the decision to retire at the end of April. I will continue on, assisting the new Chief for another year, in a reduced work schedule. I have to be honest in saying that my time here has been very enjoyable. The citizens have been supportive towards the department and I hope we have met their expectations for service to the community. I am working to ensure that my replacement will continue in this direction, thereby making the transition seamless.

The Alstead Police Department again experienced an increase in calls for service in 2010. Last year's incidents handled by this department totaled 623, up from 567 in 2009. Following is a partial list of the services provided in 2010.

Ambulance calls	29
House checks	17
Department Assists	47
VIN checks	22
Fingerprint service	21
Suspicious activity	41
Burglaries	14
Thefts	16
Arrests	19
Motor Vehicle stops	188
Motor Vehicle accidents	11
Animal related calls	33

Our Alstead Explorer Post remains active and proudly took 2<sup>nd</sup> place in the 2010 NH Law Enforcement Week-End Challenge.

(Their trophy is on display in our lobby.) The 911 House Sign project continues and orders can be left at the Transfer Station or at the Town Clerk's office. The Explorers provided over 50 signs in the past year.

Cam Prior, who worked as our part-time Police officer, accepted a full time position with the Winchester Police Department. Cam also handled our animal complaints and particularly in that capacity is sorely missed.

Dog licenses are due to expire on April 30<sup>th</sup>. We urge you to make sure your dog has, and is wearing, a current license and that it is up to date on a rabies vaccination.

Respectfully submitted,

Robert Bromley  
Police Chief

## **2010 Annual Report**

### **Alstead Fire Department**

Calls were up slightly from last year showing the continuing rise in requests for responses from the Fire Department. These calls included everything from assisting neighboring towns, monitoring water levels during rain storms, setting up landing zones for helicopters, responding to motor vehicle accidents, dealing with trees and wires down, mitigating hazardous material spills, cutting down and extinguishing a burning tree to our normal Fire Department responses. The normal Fire Department responses included structure fires, chimney fires, car fires, brush fires, responding to automatic fire alarms, CO and smoke detectors sounding and fire prevention activities at local schools.

Last year's very dry summer created the potential for brush fires and the possibility of them burning deep into the ground as was the case in the surrounding areas. Fortunately, we were not affected directly, but we assisted Surry and Acworth with brush fires in their towns. Again, due to the ice damage still in the woods from the last ice storm, there is great potential for more fires this year, especially if this summer is as dry as last year. I would like to remind everyone that with no snow cover permits are required to burn clean and untreated brush only. I also ask that if you are burning when there is snow cover that you contact me or one of the Deputy Wardens in town.

We had members attend numerous trainings which included: Bloodborne Pathogens, Incident Command 300 in Lempster, Identification of Clandestine Drug Labs in Bellows Falls, District Forest Fire Training in Keene and Statewide Forest Fire Training in Gilmanton, The Merrett Class in Lempster (Radiation Training) and Web EOC

(training to access the Emergency Operations Center in Concord via the Internet)

I would like to thank the members of the department and the community for their support and assistance over the last year. Also, we are always looking to enlarge our roster. Anyone wishing to join the department may contact a member of the department or the Municipal Offices for information and an application.

Activity Report 2010

Motor Vehicle Accidents	17
Trees/Wires Down	15
Mutual Aid	14
Smoke Investigations	6
Structure Fires	4
Chimney Fires	4
Hazardous Material Spill/Leak	3
CO Alarms	3
Helicopter Landing Zones	2
Alarms Sounding	2
Car Fire	1
Illegal Burns	1
Brush Fires	1
Burning Trees	1
Monitor River Levels	1
Cat Shock	1
Meetings	12
Drills	8

Kim Kercewich, Fire Chief

## **2010 Annual Report Alstead Ambulance Report**

This past year was a challenging year for the ambulance squad.

Some of our members either moved out of the area or changes in their circumstances led them to not renew their license as EMT's. We are fortunate to have both officers of the Alstead Police Department as licensed EMT's responding to calls when they are on duty but the reality is that we have fewer active members who are able to respond calls and we are in need of more members who will help us to provide this valuable service to the town.

The squad responded to 119 calls during this past year, just three fewer than 2009. Out of the 119 calls, 70 required transport to the hospital emergency department and 20 of those were calls serious enough that we had a Paramedic on board. Diluzio's Ambulance from Keene continues to provide us with Paramedics when needed and also covers our calls when we are unable to respond. Members logged 702 hours responding to calls and had 476 hours of combined training and meeting time.

This past year in July the squad bought a new air powered stretcher for \$10,000 with the assistance of the funds left to the department by Barbara Derry. Although a significant investment, it will reduce the likelihood of back injury to members of the squad.

We are in the process of planning for an EMT class to be offered for anyone interested in joining the ambulance squad, so if you are interested please contact me or you may inquire at the town office.

Respectfully submitted,  
Anton Elbers  
Captain Alstead Ambulance

## **2010 Annual Report Conservation Commission**

Each year the New Hampshire Association of Conservation Commissions holds its annual meeting in early November. During the spring, various land conservation organizations sponsor the annual New Hampshire Land Conservation Conference. Both meetings are significant educational opportunities for Conservation Commission members, and we look forward to attending one or both meetings each year and participating in workshops and field trips to local natural areas. The workshops provide information on a wide variety of topics dealing with the protection of natural resources and the implementation and management of conservation easements.

### **Permits**

Of particular importance to Commissions, are the updates provided by the New Hampshire Department of Environmental Services (DES) workshops about the recent Comprehensive Shoreline Protection Act (CSPA) regulations that define limits on construction activities, tree removal, fertilizer applications, and land disturbance in the vicinity of wetlands and shorelines of rivers and lakes.

Toward the end of the year, the Commission became aware of two significant violations of the CSPA and submitted complaints to the DES for their investigation and action.

One of the responsibilities of the Alstead Conservation Commission is to keep citizens informed of these requirements and to provide advice about the need to obtain DES permits before construction activities begin that might affect shorelines and wetlands. To this end, the Commission prepared and distributed 67 fliers to Lake Warren lakeshore residents and property owners

calling attention to the new CSPA. During 2011, the Commission will work closely with the Lake Warren Association to make sure all are aware of these State requirements.

## **Invasive Species**

Another topic of concern to the Conservation Commission in 2010 was the presence of invasive species in Alstead. Purple Loosestrife and Japanese Knotweed are by far the most important of several dozen invasive plant species. Populations of these two plants can expand explosively, forcing out native plant species and destroying the food supply for wild animals that live in wet environments.

However, the presence of invasive species in Alstead is still limited enough to make it relatively easy to control them. It seems prudent to the Conservation Commission members that we should attempt to eliminate infestations of invasive plants in Alstead before they become established and are virtually impossible to remove.

During 2010, The Lake Warren Association helped in controlling land species and also helped to avoid equally undesirable infestation of Lake Warren by aquatic invasive species through its Lake Host and Weed Watcher programs.

In Alstead, purple loosestrife appears occasionally on roadsides but occurs mostly in Hale Brook near the Orchard Hill complex and at one residence on Hill Road, with a minor outbreak on South Woods Road. Our control efforts are focused on preventing seed production by clipping blossoms and by removing entire plants. This will lead to eradication of infestation within a few years. Volunteers have mowed down the plants with scythes and dug up the plants for removal. Efforts in East Alstead were augmented by very important assistance from teams of young people from Kroka Expeditions.

Japanese knotweed was spread significantly along Warren Brook in Alstead by the 2005 flood; smaller outbreaks have occurred in various places in the town, much of it apparently from dumping of gravel dug from infested sites. New Hampshire Department of Transportation has advised towns of best practices regarding ditch maintenance (especially the dumping of fill) and roadside mowing, both of which can spread knotweed.

Education is an important aspect of controlling these weeds and the Commission has made fliers available in the local store, the Town Hall, and the Library.

## **Earth Day and Arbor Day**

The Annual Earth Day breakfast was held on Saturday, April 24 on the steps of the Alstead Municipal Building. More than 30 people – families, Girl Scouts from Troop 20978 and individuals, signed up to pick up roadside trash in Alstead. Many others who did not sign up took care of their own section of road where they live. More than 300 plastic trash bags were distributed for their use.

Thank you to all including the town road and transfer station crews and the town officials who helped organize the day.

The Commission continued to support Arbor Day festivities at the Vilas School. This year, all grades participated in the program on Friday, April 30 by either singing songs, reading poems, drawing posters or participating in the mapping of trees on the school grounds under the direction of County Forester Steve Roberge

The winners of the Arbor Day poster contest were: Luke Nelson with runners-up Shxanne Clark, Briana Holt, Nolan Leonard and Hannah Rhoades. A weeping cherry was planted in honor of outgoing Conservation Commission Chair, Joy Nalavenko.

## **Cold River Stream Gage**

In the fall of 2009, the U.S. Geological Survey installed a Federal-State Cooperative Program surface water gage on the Cold River at Alstead Village. The gage height (elevation of the river's water surface), water temperature, and air temperature are measured every 15 minutes and transmitted by satellite every hour. The data can be viewed on the Internet and on computers in the library.

A kiosk was built by the U.S. Geological Survey, located just to the west of the bridge on the south side, to house displays from the Cold River Local Advisory Committee (CRLAC), the USGS, and the Conservation Commission. This past summer, Mike Heidorn and David Moody applied a base coat and two top coats of green paint to preserve the exposed wood of the shelter. The paint was provided by CRLAC and the Conservation Commission. Still to be added is a sign identifying the site as the Cold River Stream Gage at Alstead.

The Alstead Conservation Commission meets on the first Wednesday of each month at 5-7 p.m. in the Alstead Municipal Building. Commission meetings are open to the public and community participation is encouraged.

**Alstead Conservation Committee**

**2010 Annual Report**  
**SPML's Centennial Year**  
**Shedd-Porter Memorial Library Board of Trustees**

**Mission:** The Shedd-Porter Memorial Library is a welcoming source for information and a meeting place that nurtures a sense of community, with respect for all.

The Trustees would like to thank our continuing employees, Assistant Librarian Gaale Klein, our custodian Sam Kong. We would also like to thank our volunteer newsletter creator and editor Colleen Heidorn and our volunteers: Judy Bellows, Ellen Chase, Melanie Marsden, and Margaret Perry. The fine work that all of these people do, both paid and volunteer, is invaluable to the functioning of our library! *Volunteers are always welcome. Your library needs you!* As many of you already know, our Director, Barb Davis, was granted a two year leave of absence by the board to be a Peace Corps volunteer in Paraguay. After a long and thorough search for an interim library Director we chose Shelli Huntley, of Marlow. Barb left her position shortly after our Centennial Celebration at the end of August. Shelli took over as Director in September. We want to welcome Shelli and thank her so much for the fabulous work that she is doing as Director. Please stop by and introduce yourself to Shelli. If you don't have a library card, we invite you to sign up for one! If you are more comfortable with technology, the library now subscribes to New Hampshire Downloadable Audio Books. Stop by and Gaale will help you learn how to access this service. (We have an MP3 player you can borrow or you can download to your own device.) If you still don't have high speed internet service at your home, stop by and use the library's computers or better yet, bring your own lap top computer and spend some time in our gorgeous building.

If you choose to ride a bicycle to the library, Bob Taylor, of Taylor Welding, made and donated the wonderful bicycle rack in front of the library. As you read this report you will notice that we have been blessed by the donations of so many! Thank you, all.

We would also like to extend our gratitude to Erin Heirdorn for her years of service as a trustee and to Jeff Smull for filling the remainder of Erin's term as trustee.

2010 was a very busy and often complicated year for the board of trustees. With the exception of Mary Lou Huffling who has been on the board since 1983, the rest of us on the board are serving in our first term as library trustee. We are all learning about what our legal and non-legal responsibilities are and to do so we attend a variety of state meetings. Did you know, for example, that the Library Board of Trustees and the Town administration are two, totally separate entities? (Town of Littleton & a. vs. Kathryn Taylor, April 12, 1994) or that the town owns the library building itself, but that the trustees are the stewards of the library? One of us attended the NH State Library Trustees Association annual meeting for the second year in a row as well as most of the informal, area Library Trustee meetings. One of us also attended the annual NH Library Association meeting. Two of us attended the annual "Money Seminar" in Concord that is given every June by Terry Knowles, Assistant Director of the State Attorney General's Charitable Trusts Unit. Our board now has a Mission Statement, Bylaws and we are constantly working on Policies and such things as a Safety Plan, employee Job Descriptions and Evaluations among many other things.

Building maintenance issues are constant and continue to evolve. This year they were mostly handled by one trustee, "building point person" Tafi Brown, who among other things kept a log on the status of existing and new leaks after EVERY storm we had in

2010 monitoring the repair work that had been done in 2009 and looking for new leaks. The interior storm windows that were installed in late 2009 were also monitored over the whole year. Interior storms on almost all the ground floor windows now have moisture problems during the whole year that could result in more future costs. Tafi also worked with Walker Construction Company to get at least one estimate for replacing the whole roof and re-pointing the whole building so that the Capital Improvements Committee and the Selectmen would have these figures for future planning. As well as the estimate for total replacement of the roof and total re-pointing of the building, the **Simple Building Assessment** that we received from NH Preservation Alliance early in 2010 gives professional, impartial prioritization of the immediate and future building needs as well as the estimated costs. It will greatly help budgeting for the future. (The building has had at least some of the same problems for many more than thirty years!)

We therefore think it prudent to ask for your approval of additional money to be deposited in the Capital Reserve Fund that was established last year for future building needs.

Since the Selectmen own the library building they suggested that they take over the maintenance of the building. The board thought this was a good idea because of the amount of time building issues take. However, the Library Board of Trustees remain the stewards of the library building. We approve the amicable and practical relationship between the Library Board of Trustees and the Selectman and its evolution to the satisfaction of all.

Besides graciously and humorously being the Mistress of Ceremonies for our Centennial Celebration, Barb planned a few other centennial programs during the year. She invited the speakers (Dan Bartlett, former resident of Alstead and currently practicing AIA architect in Keene, Bruce Bellows, president of the Alstead

Historical Society and James Garvin, NH State Architectural Historian), and performers (Randy Miller and friend, Purly Gates and the Lon Johns) for the celebration. She invited local artists to exhibit their art, and she hung a children's art show in the children's room, the theme of all art being the library. Barb even baked a birthday cake in the shape of the SPML for the celebration! Prior to the celebration Barb, with the help of many volunteers, had new shelves built for the Young Adult section of the library. Once more we are grateful for the donation of the wood for the shelves from Woodell and Daughters. Steve Davis built the shelves. Financial assistance came from the Fall Mt. Endowment. In the rotunda of the library are two more wonderful examples of the generosity of and assistance from Bruce Bellows and John Allen. Bruce donated staging and John donated electrical work. Lighting was donated and placed above the stained glass oculus. Every light bulb in the rotunda was replaced with matching, energy efficient light bulbs in preparation for our Centennial celebration. The impeccable lighting design from the architectural firm of MacLean and Wright in 1910 is constantly in evidence as one experiences the warmth and inviting glow of both the globe lights outside our building and the rotunda lighting inside our building even in 2010. There was beautiful weather and excitement as about 150 people, including approximately ten or so descendants of the Shedd-Porter family, people from Alstead, Langdon, other places in New Hampshire, Vermont and all around the United States, came together and experienced the Centennial celebration of the dedication of our "paradigm of the small library building", the Shedd-Porter Memorial Library on August 28. James Garvin began his presentation by saying, "It is a privilege to be with all of you—townsfolk and members of the Shedd family—at this celebration of the hundredth anniversary of the dedication of one of the finest buildings in New Hampshire." James Garvin mentioned in his presentation that "Under the circumstances of the period, private

initiative and philanthropy frequently compensated for inadequate local revenues". We would like to add that under similar circumstances of today we are especially grateful for the continuing relationship with the Shedd-Porter descendants, for their interest in and financial support of the Shedd-Porter Memorial Library. We are also very grateful for the support of our own local residents, both year-round and summer. We would like to thank Cindy Hendrick who donated her original painting, "Library Days", to the library and to Ellen Chase who designed a paper scale model of the library. One can buy one of Ellen's models with instructions for building your own model of the library. There are also prints of Cindy's painting that are for sale in the library. All proceeds from sales are donated to the library. A good time was had by all who attended the Centennial celebration and conversed with one another, ate the barb-b-que supplied by our Fire Department as well as the birthday cake made by Barb, and listened to the wonderful music under the red and white striped tent that was lent to us by The Orchard School.

With the support of the Selectmen, as we headed towards the end of our Centennial year 2010, James Garvin and Peter Michaud of the NH Division of Historical Resources and Tafi gathered the necessary documentation, took photographs, measured and wrote the nomination for our library to be listed on the National Registry of Historic Places as well as the State Survey. Peter Michaud presented the nomination before the October meeting of the State Historic Resources Council and we only recently received word that on December 27, 2010, the Shedd-Porter Memorial Library was officially listed on the National Registry. On January 31 we received word that the library is officially on the State Survey as well. (What a Centennial birthday present for the library!) We are extremely grateful to James Garvin who donated his time and professional services in writing the nomination.

With our Simple Building Assessment, with the listing on the National Registry of Historic Places and with the NH State Survey we now have the necessary prerequisites for applying for grants to support the maintenance and preservation of our historic building, should funding be available. For your interest and enjoyment, copies of the Centennial presentations, a copy of the Simple Building Assessment and a copy of the nomination for the National Registry of Historic Places are available in the library. For information about the benefits of being listed on the National Registry please go to the NH Division of Historical Resources web site: <http://www.nh.gov/nhdhr/index.html>

Notices of trustee meetings are always posted at the Library, at the Post Office, at the Town Offices, and on the Town's website. The meetings are open to the public. While the building is not handicapped accessible we make every effort to serve all. If you need assistance in any way regarding library services or attending a board meeting please call Shelli at 835 6661 at least a week ahead of time and we can make the needed arrangements.

Respectfully submitted,

The Shedd-Porter Memorial Library Board of Trustees

Susan Norlander, Corresponding Secretary  
Jeff Smull

## **2010 Annual Report**

### **Shedd Porter Memorial Library**

By all accounts, it has been a year of excitement at the Shedd-Porter Memorial Library. One of the highlights of the year included the library's Centennial Celebration, which brought together an estimated 150 community members alongside Shedd-Porter descendants. Fittingly, 2010 was the year in which the Shedd-Porter Memorial Library was listed on the National Register of Historic Buildings. The year was also marked by more common place, but vital, events. In 2010, the library welcomed 117 new patrons, circulated 9,969 items and was used by 5,904 patrons. We saw 609 community members come to the library to use the computers or access the internet via the library's high-speed connection. During the year, the library joined the New Hampshire Downloadable Books Consortium. Over the fall, 21 card holders downloaded 74 items through this service. Our use of interlibrary loan logged in at 70 checkouts. During these difficult economic times, the library serves an important role to its citizenry.

Over the course of the year, the library hosted many programs for community members including the summer reading program, funded by the Marion Holmes Memorial Summer Reading Fund, the Centennial Celebration, and the annual Holiday Program, which featured the talents of many local musicians and storytellers. In 2010, we continued to offer a weekly story hour thanks to the dedication of volunteer Jessi Dussault. We invite all families with young children to join us as we gather for stories, music, movement and playtime each Thursday morning at 10:30.

When I first began at the Shedd-Porter, Barb Davis told me that she could not run the library without the help of her volunteers. I quickly

found this to be true! I would like to thank Jessi Dussault, Margaret Perry, Ellen Chase, Judi Bellows, Melanie Marsden, Cynthia Phippin and Colleen Heidorn for their dedication and for a combined total of 404 hours of work in 2010! I would also like to thank Assistant Librarian Gaale Klein and custodian Sam Kong for all their hard work and effort on behalf of the library. Additionally, the library and community benefit greatly from the careful stewardship of the Shedd-Porter Memorial Library Board of Trustees; these individuals show their love for the library and its mission in many ways.

We have exciting plans for 2011. Thanks to the continuing support of the Shedd-Porter family, we will soon be adding two new computers for public use. These will be a wonderful asset to the community. We have begun our plans for this year's summer reading program, "One World, Many Stories," including a visit from the Mariposa Museum and a program on Latin American culture by local favorite Marek Bennett. On March 12 at 10:30, Kathy Torrey will lead a program for young children, "Play Party." In May, we will be hosting a talk by photographer Ellen Kok on her work with the ROTC at FMRHS. We hope to see many of you at these and other events at the library!

On a personal note, I would like to thank all of you for the warmth with which you have welcomed me into my post as Interim Director. It has been a great pleasure getting to know community members and I look forward to meeting more of you in the coming year.

Respectfully submitted,  
Shelli Huntley, Interim Director

Treasurer

## **2009 Annual Report Alstead Historical Society**

Renovation of the Maybelle H. Still Memorial Building continued in 2009 under the LCHIP grant that we received in December 2007. UV glass was installed in the west-facing windows of the exhibition space on the ground floor of the museum to protect exhibits from fading and damage from sunlight. The glass also will add to the insulation of the walls on that side of the building. Utilizing eight large bureaus left over from the Town during the 2005 flood relief efforts, Bruce Bellows designed and constructed a set of innovative shelving and display areas for museum artefacts. The bureau tops will provide display areas while the drawers will be used for storage, something we sorely lacked in the past. Also during the year, Bruce replaced the wire screens on the first floor windows on the west side of the building with sheets of Lexan to improve the appearance of the windows.

Throughout the year, Bellows Construction tore up the decayed floor of the reference room, insulated it and replaced it with southern yellow pine. Black and white tiles were installed on the floor of the museum's entry way and on the floor of a new gift shop to the right of the entrance. The Society purchased, and will install next year, a large dehumidifier for the reference room and a composting toilet for the old rest room in the gift shop. A task that remains to be done on the second floor of the building is to replace the old, yellowed, window shades with new Mylar UV shades. This will improve the appearance of the exterior of the building and greatly reduce light damage to the museum displays. Finally, both floors of the museum are now handicap accessible. A three-foot wide door and wooden ramp at the northeast corner of the building can be reached by car. From Pleasant Street east of the museum there is a horizontal paved walkway to the ground floor entrance. The work cost more than \$75,000 of which LCHIP provided \$35,240. The Society's project greatly benefited from substantial discounts on materials and labor from local contractors and suppliers and from the volunteer efforts of AHS members.

During 2009 AHS sponsored four public programs. At our first program on April 15, Dr. Robert Goodby of Franklin Pierce University presented a well-attended lecture entitled "Digging Native History in

New Hampshire. This program was supported by a grant from the New Hampshire Humanities Council. At our second program on November 18, Bruce Bellows and David Moody presented "Judy Checchi's Walking Tour of Alstead Village" to a standing-room-only audience in the Alstead Town Hall. For a number of years, Ms. Checchi, a retired teacher from the Alstead Primary School, introduced her students to the history of Alstead by showing them pictures of what the town looked like in the early 1900s. She then took the children on a walking tour of the village. We combined Ms. Checchi's slides with images from our own extensive collection of historic photographs to create a presentation of over 130 images. We intend to repeat this program and present additional pictorial tours of other parts of Alstead during 2010.

Ian Relihan, one of the three student editors of the Alstead 2005 flood book, returned for his third year to finishing cataloging the books in the AHS library. Margaret Perry continues to work on cataloging manuscripts and researching genealogy in the AHS Office in the Town Municipal Building, on Wednesday afternoons. Please drop in to say hello. This is an excellent time to ask questions, buy a town history, or drop off photographs, letters, or artifacts that you think might be of interest to the AHS.

The AHS Trustees meet the third Wednesday of each month at 7:00 p.m. in the Selectman's office in the Town Municipal Building. Meetings are open to the public. AHS welcomes anyone who has an interest in preserving Alstead's history.

Respectfully submitted,

Bruce A. Bellows  
President, Alstead Historical Society

**2010 Annual Report**  
**Alstead's Office of Emergency Management**

Emergency Management is trying to establish a list of Alstead Citizens who would need to be monitored during a town wide emergency. If you have a condition that you feel would make you vulnerable but you have either a strong family or friend network to check on you then you do not need to register. If you would like Alstead's Emergency Services to check on you during a town wide emergency please contact the selectman office to register. The following is a reminder of a critical policy. "If the power or phone service (widespread) is out for more than four hours the East and Village Fire stations will be manned for communication/information purposes." Both Fire stations now have generators of sufficient capabilities that will make these buildings fully functional during an emergency.

Respectfully submitted,  
Jack Michnovez  
Emergency Management Director

**2010 Annual Report  
Trustee of Trust Funds**

New Funds established during 2010:

Percy Allen – Pine Grove	\$400.00
Donald and Judith Kehoe – West	\$400.00
Kevin and Joyce Campbell – Alstead Center	\$400.00

Cemetery Lots are available and may be purchased by contacting  
Reginald Clark at 835-6007.

## 2010 Annual Report Alstead Planning Board

The Alstead Planning Board had another busy year with twenty-three meetings. Two of these were joint Meetings with the Zoning Board of Adjustment, one of which was to hold a Public Hearing for amendment proposals to the Town's Zoning Ordinance; the other was for a Municipal Law Update session with the Town Attorney.

Throughout the year, the Planning Board continued their work on the Capital Improvement Plan (a long range planning and budgeting plan for the Town) with different Department Heads and the Selectmen. The Board continued to be busy with follow-up issues on previously approved Applications with conditional approvals. There were a large number of preconceptual consultations throughout the year, regarding both Applications received, as well as many other potential Applications.

The Alstead Planning Board received two minor subdivision requests, and one major subdivision request, all of which were approved. Two Site Plan Review Applications were received and approved – one of which was for a cell tower application.

The regular meeting of the Alstead Planning Board is held on the second Monday of each month at the Alstead Municipal Building at 7:00PM. Work meetings are scheduled, as needed, on the fourth Monday of the month. Anyone interested in participating is welcome.

The Board would like to thank Rose-Marie Caffrey for all her years of dedicated work to the Board. **The Board has openings, and a great need, for one Full Member and Alternate Members.** If interested, please contact any Member of the Planning Board, or Members of the Select Board, for more information. We would welcome your participation and input!

## THE ALSTEAD ZONING BOARD OF ADJUSTMENT ANNUAL REPORT FOR 2010

The Zoning Board of Adjustment had thirteen meetings this year, and received one Variance request, which was approved, and one Special Exception request, which was approved with conditions. Two of the Board meetings were held as joint meetings with the Planning Board - to hold a Public Hearing on proposed amendments to the Town's Zoning Ordinance, and to hold a Municipal Law Update session with the Town Attorney. There were several preconceptual visits from people in the community regarding possible work they plan to do.

The ZBA meets the first Monday of each month at 7:30PM, at the Alstead Municipal Building. The public is always welcome.

**The Board is looking for at least one additional Alternate Member.**

Any citizen interested in becoming a Member is encouraged to contact any Member of the Zoning Board of Adjustment, a Member of the Select Board, or the Town Clerk. **Your participation would be welcomed, and is truly needed!**

Dennis Molesky, Chairman  
Joseph Cartwright, Vice Chairman  
Samuel Sutcliffe, Member  
Dirk Doughty, Member  
Kevin Clark, Member  
Hans Waldmann, Alternate Member  
David Konesko, Alternate Member

Melanie Marsden, Administrative Assistant

**Annual Report 2010**  
**Cold River Local Advisory Committee**  
**New Hampshire**

The Cold River Local Advisory Committee (CRLAC) consists of members nominated by the Select Boards from the Cold River Watershed communities of **Acworth, Alstead, Langdon, Lempster, and Walpole** and appointed by the New Hampshire Department of Environmental Services (NHDES).

These representatives volunteer their time to help municipal boards and residents monitor the natural, cultural, scenic and scientific resources of the Watershed. The CRLAC also reviews river corridor projects needing state and federal permits and evaluates water-related issues of local and statewide significance.

**CRLAC ACCOMPLISHMENTS IN 2009**

**Municipal Conservation, Planning & Post-Flood Issues**

- Assisted residents/boards/business owners with the resolution of a variety of potential water quality degradation issues.
- Supported local and state efforts to fund stream restoration projects in flood-damaged areas and to develop partnerships with federal wildlife officials for habitat improvements.
- Assisted the Lake Warren Association in obtaining funding for the development of a sub-watershed management plan.
- Worked with a town consultant for the stabilization work done on Warren Brook.
- Partnered with the Town of Alstead to develop a management plan for Vilas Pool.

**Workshops, Events & Education**

- Completed the installation of “Designated River Signs” for the River.

- Participated with New Hampshire Fish and Game in stocking the Cold River with 100,000 salmon fry.

### **Water Quality and Quantity Monitoring**

- Completed the eighth year of our voluntary sampling program, including ? routine and ? additional water quality monitoring events on the Cold River and its tributaries.
- Analyzed for pH, dissolved oxygen, conductivity, turbidity, temperature, river height, bacteria, and nitrogen and phosphorus compounds.
- Applied for and received DES funding for additional analyses.

### **Membership**

- Proposed the appointment of the Lake Warren and Crescent Lake Associations as Associate Members of the CRLAC.
- Regretfully accepted the resignations of Richard Morrison and Susan Lichty.

The CRLAC welcomes your participation in any of our projects and is actively seeking additional members from the towns of Acworth and Lempster. Meetings are on the fourth Thursday of each month, 7-9 PM, usually in the Alstead Town Offices. Please contact any CRLAC member for additional information.

**Sincerely,**  
**Samuel Sutcliffe and Jennifer Polcari**  
**Co-Chairs**

**Acworth:** Deborah Hinman (Past Chair and Scribe).

**Alstead:** Carol Drummond, Michael Heidorn, and Samuel Sutcliffe.

**Langdon:** Catherine MacDonald (Membership, 603-835-6386), and Jennifer Polcari (Co-Chair, 603-835-2326).

**Lempster: Walpole:** Fred Ernst, Austin Hunter, and Charles Montgomery (Past Chair.)

## **2010 Annual Report**

### **Fall Mountain Friendly Meals**

Our Fall Mountain Friendly Meals had another wonderful year of breaking bread together every Tuesday and Thursday at the Alstead Fire Station. Over 26,371 full course congregate and meals on wheels were provided to people in the five towns of the Fall Mountain area.

Many people come from all the towns to have dinner together every Tuesday and Thursday at 11ish. They enjoy the full course, nutritious, home cooked meals prepared with love and enjoy sharing a meal with friends. The enjoyment they share being with others is as important as the food. The Friendly Meals provide food for the body and the spirit. Volunteers average delivering at least 170 meals on wheels each day. Those who are homebound or chronically ill enjoy a nutritious prepared meal and are happy to have someone come in to visit with them. The meals help people stay in their homes.

We have many volunteers of all ages who together make the meals a wonderful welcoming program. We have volunteers who cook, set up the Fire Station, get the meals on wheels ready, transport the food from the storage area at the Langdon Town Office to the kitchen and Alstead Fire Station, others pick up the cooked food and bring it to the Fire Station.

Volunteers serve the food to the folks, package the meals on wheels, deliver the meals in all the towns, and clean up the kitchen and the fire station. It is a huge undertaking every Tuesday and Thursday. Some of the volunteers have been doing it for 20 years. We are so blest to have such a fantastic group of caring dedicated people from all the towns. We thank you all so much for giving so much of yourselves to others.

The Friendly Meals is mainly supported by donations from our local people and organizations. All the donations from the Alstead Thrift Shop go to the Friendly Meals. We do get a small FEMA Grant every year also.

For the 14<sup>th</sup> year the Friendly Meals will once again participate in the Feinstein Foundation Million Dollar Challenge against hunger. All monetary and food donations given from March 1 to April 30 can be counted toward a proportional matching grant. We will be very grateful for support for this vital program.

We wish to thank the Town of Langdon for the use of space in the town office building to store our food and meals supplies. We are grateful to the Town of Alstead for our beautiful kitchen and the use of the Fire Station to serve our meals. It is a real caring community effort.

2011 will be another wonderful year together at Friendly Meals.

Respectfully submitted,

Mary Lou Huffling

## **2010 Annual Report**

### **Fall Mountain Emergency Foodshelf**

2010 felt like a year filled with miracles. There was a sizeable increase in the number of people and families needing food. It feels like a miracle that we were able to provide everyone who came for help with a week to two weeks worth of nutritious food for three meals a day. No one was turned away because we didn't have food to give them. 8,516 times families came to the Foodshelf needing help with food. Many had no food and/or money to buy food when they came to us. These families included 29,424 people and we provided them with approximately 882,720 meals. We also provided 1,466 wonderful Thanksgiving and Christmas Dinner boxes to families in our area.

We could not have met this need without the tremendous caring and generosity of so many that lovingly contributed food and monetary gifts to purchase food throughout the year. We at the Foodshelf, and those we serve, are grateful to the local people, churches, towns, organizations, the Fall Mt. School District staff and students, local businesses, and people and organizations from other states that wanted to help meet the need of our people. We also had a wonderful response to our Grow A Row program. So many local growers regularly brought in fresh produce. It was very exciting to have so many fresh vegetables and fruits to give families. They were thrilled to have the fresh produce to serve their families. We have been touched very deeply by the spirit of caring for others that is alive and well in our area. It has helped the spirits of many families going through difficult times to know that people care about them and their well-being. It is very heart warming to experience neighbor helping neighbor. Thanks to the Great Provider and the love and generosity of so many no one went hungry that came to the Foodshelf.

The Foodshelf is a totally volunteer organization and we are grateful to the many people who give so much of themselves every week to help their neighbors. They are such a blessing. It takes many hands and many hours to acquire all the tons of food we

need to provide for all the families we serve. Great love and dedication go into making all those meals a reality. Coming to the Foodshelf when you are in need not only provides food for the body it also provides food for the spirit.

Our two Foodshelf sites are very accessible and central for the people we serve. We truly appreciate Charlestown for providing the wonderful site on Woordrise Road and the Town of Langdon for the space they generously supply in their town office building on Route 12A.

For the 14<sup>th</sup> year we are once again participating in the Feinstein Foundation Million Dollar Challenge against hunger. All monetary donations and each food item donated between March 1st and April 30<sup>th</sup> will count as a dollar toward a proportional share of the million dollars. We will be very appreciative of any monetary and food donations given at this time.

Thank you again for you generous support, love, and caring during this past year and for all the years we have been helping our neighbors!!!

Respectfully submitted,

Mary Lou Huffling  
For the Fall Mt. Foodshelf
